Ready to submit? Please fax the completed referral form to 503-382-5342 or 888-229-7140. Or email the completed form to childrensprogram@modahealth.com. For more information, please contact the Children's Program Coordinator at 503-265-5627 or 888-393-2772. Or email childrensprogram@modahealth.com.

The Children's Program provides access to basic dental services on an as-needed basis for uninsured children ages 5 to 18 who reside in Oregon. If eligible, each child will be assigned a dentist and may receive care during his or her eligibility period. The child's parent or legal guardian will receive a letter notifying them of the child's ID number and dentist's name and phone number so they may schedule an appointment. The assigned dental office will also receive a copy of the referral letter.
